ABOUT ME

Final-year MCA student with a strong interest in **Data Science and Machine Learning**, skilled in data analysis, predictive modeling, and extracting actionable insights. Passionate about solving real-world problems using data-driven approaches and building impactful ML systems.

TECHNICAL SKILLS

- **Languages:** Python, SQL, Java
- **Data Analysis:** Pandas, NumPy, Data Cleaning, EDA, Feature Engineering
- **Machine Learning:** Scikit-learn, LightGBM, Model Evaluation
- **Visualization:** Matplotlib, Seaborn, Plotly
- **Tools:** Git, GitHub, Postman
- **Databases:** MySQL, PostgreSQL, MongoDB

PROJECTS

- **DRACO-LTR | Learning-to-Rank (ML Project)**
 - Built a machine learning ranking system using real-world Q&A dataset
 - Implemented **feature engineering & debiasing techniques** to handle exposure bias
 - Improved ranking quality using **NDCG and MAP evaluation metrics**
 - Modeled user interactions such as clicks, positions, and engagement patterns
- **MindTracker | ML & NLP Project**
 - **Developed a multi-modal system analyzing speech and text data**
 - Extracted **audio + linguistic features** to detect stress and emotional patterns
 - Enabled **real-time monitoring and multi-session tracking**
 - Applied NLP techniques for behavioral and sentiment analysis
- **Banking Customer Insights Analysis | Data Analysis Project**
 - Performed data analysis on banking dataset using **Python & SQL**
 - Conducted **EDA to identify trends in income, loans, and demographics**
 - Built visual dashboards to generate **actionable business insights**

Work Experience

- **Tegto Infotech | Full Stack Web Developer (intern)**
 - Developed and maintained web applications using modern technologies
 - Worked on backend APIs and frontend UI components
 - **Collaborated with team members to deliver project features on time**

EDUCATION

- | | |
|--|----------------------------|
| • MCA PES University | CGPA: 6.7 (2024 – 2026) |
| • BSc (Information Technology) Marwadi University | CGPA: 8.33 (2021 – 2024) |

CERTIFICATION

- **Full-Stack Web Development by Udemy**

This certificate program by renowned Angela Yu of Udemy covered web application development using HTML, CSS, JavaScript, React, Bootstrap, SQL, PostgreSQL, jQuery, Express.js, and Node.js. This program has given me a good grip on web development and tools to create good web projects.
- **Advance DSA and Java by Apna College**

This course by Shraddha Khapra of Apna college focused on Java programming, advanced Data Structures, and Algorithms. The course has given in depth knowledge on application & logics of using data structure and algorithms.
